February 2007

Dear Ruben and Chris,

I cannot begin to express how grateful I am to know such wonderful people with such an amazing work ethic as you and the rest of the RC Movers' crew. As you know, I have moved more than 5 times in the last year, and from the very beginning you have been nothing but professional, punctual, efficient, careful and completely trustworthy, let alone personable. I've come to think of you like family, or at least my moving family.

I know that there were many times when I was in the middle of a course or another obligation, and I would just simply say "you can get the key at ____" and just leave everything in your hands. When I got home EVERYTHING would be done, no question about it - it's just not anyone you would trust to do that.

I think I got to the point where I just came to expect your stellar service as being "normal", but now I realize I am so blessed to know you and to be able to use your services, you've all been so good to me.

Anyway, I wish you phenomenal success in your future endeavours and expansion of such a fantastic service/company. I will whole heartedly recommend you to anyone who crosses my path.

Thanks for everything!!!

Sincerely,
Tracy Moen
